We recently used nationwide courier services to send 40kgs 2 x cartons to Australia. The services were excellent and they **response were prompt**. The courier delivered within 2 weeks without any damages. Sangamesh was very professional and easy to contact. The prices were reasonable when compared to the market. I would highly recommend nation wide again. Thank you.

I have been using Nationwide International courier to ship packages and have been extremely impressed with their service. But this time they were extraordinary, the delivery was faster than expected, and the tracking was accurate.

They are honest, reliable, friendly, and helpful. I will use their services in the future and also strongly recommend them to others as well.
